On Earth Day, the staff of the Government Girls' Post-Graduate College (GGPGC) hanged several bird feeders on trees. Under the 'Dana Pani Yojana' of the institute, the Sakore (earthen pots) were made ready for the birds in the form of a balance with the provision of grain in one scale and wa-

ter in the other. Principal Dr HL Anijwal said that the natural sources of water dry up in the summers so the college has scaled up its practice of putting bird feeders.

He motivated the staff and students to keep the containers full to help birds tide over the scorching heat and urged them to continue this practice at home too. A poster making event on the single use plastic Ban was also organised by the drawing department and IQAC with an intent to spread awareness and make the campus plastic free.

Work done by Ramanujan in short lifespan is incomparable. He gave so many theorems and important principles of mathematics. We have to spread his work up to the students. For this we must know the available e-resources.

These were the views of Dr Bhanupratap Singh, vice-chancellor of Maharishi University, Lucknow as a key speaker of Mathematics Day webinar and Mathematics Week organised by mathematics department and IQAC of Government Girl's Post-Graduate College (GGPGC) on the occasion

of 133rd birth anniversary of India's great mathematician Dr Srinivas Ramanujan.

Second speaker Dr Deepthi Gupta HOD MIT Moradabad said that Dr Ramanujan used to write notes on book margins as paper was costly. He started his career as accountant but later switched to mathematics as it was his passion. Dr Dheeraj Ahire told that Ramanujan used to say that supernatural power inspires him to work. My students are my motivation.

In her presidential address principal Dr Anita Manchandia told that because of his invention of magic numbers he was

called mathematician. Mock Theta function invented by him is now used in the treatment of cancer. Convener and HOD mathematics Dr Nirmla Gupta presented the outline of mathematics day and week and welcomed the guests.

In the Mathematics Week essay, poster, chart and student seminar were organised. In essay competition Nikita Yadav stood first and Madhubala Ahirwar second, in poster presentation Mansi Soner stood first and Shivangi Khakre second and in seminar Somya Bhatt was first. Programme was conducted by Dr Ankit Agarwal and vote of thanks was expressed by Dr Pooja Vinodia.

### 'Prevent primary risk factors for healthy heart'

FP NEWS SERVICE  
Ujjain

A seven-day workshop on paradigm of wellness nutrition concluded at Government Girls Post-Graduate College (GGPGC) on Wednesday.

It was organised under the joint aegis of home science department of GGPGC and IQAC and Science Council Prayag's Madhya Pradesh chapter.

On the concluding day of the event on the occasion of World Heart Day, Dr Priya Chitale gave a speech on the topic of heart disease and nutrition and said that heart disease is one of the non-communicable diseases, which we also call non-communicable disease.

She said that heart disease, cancer, diabetes and respiratory diseases are the main causes of 60% of all deaths worldwide.

According to the World Health Organisation, 41 million people die every year from non-communicable diseases, which is equivalent to 71% of all deaths globally and heart disease accounts for the most deaths, which is about 17.9 million.

Unbalanced diet and lack of physical activity are the main reasons for diabetes, high blood pressure and obesity etc. These are medically called metabolic risk factors, which if not controlled can lead to heart disease and even premature death.

Dr Chitale said, to maintain heart health, greater emphasis should be placed on strategies to control risk factors, including primary prevention which takes care of a single factor such as blood pressure or diabetes.

Secondary prevention begins after an episode of heart disorder.

The sooner we start controlling these risk factors, the more successful we will be at keeping our hearts healthy.

Dr Munira Hussain resolved the queries of the participants. Dr Neeta Tapan thanked the organisers, participants and the principal and staff members of the college. Dr Shashi Prabha Jain while presenting report said that participants from all over India participated and made the event a success. Dr Hemant Gehlot presided over the programme and said in his speech that the subject of home science touches all aspects of life. Diet and nutrition, human development, textile science, family resource management etc. are such areas which are associated with day to day life. Mentioning the daily topics in the workshop, he described them as successful and congratulated

## कन्या महाविद्यालय में मनाया राष्ट्रीय बालिका दिवस

उज्जैन। शासकीय कन्या स्नातकोत्तर महाविद्यालय उज्जैन की एनसीसी इकाई ने 24 जनवरी को डिजिटल जनरेशन अवसर जनरेशन विषय पर एक संगोष्ठी का आयोजन करके राष्ट्रीय बालिका दिवस मनाया। छात्राओं को अपने बालिका होने का सम्मान करना चाहिए और समाज और कार्यस्थल पर लैंगिक समानता के लिए प्रयास करना चाहिए। एक बालिका को बचाना और उसके स्वास्थ्य और शिक्षा में निवेश करना एक पीढ़ी में निवेश करता है। आज डिजिटलीकरण ने छात्राओं को सूचना, संचार और प्रौद्योगिकी तक पहुंच बढ़ाने का अधिकार दिया है। उन्हें इस माध्यम का उपयोग लैंगिक समानता के मुद्दों को प्रसारित करने और डिजिटल साक्षरता फैलाने के माध्यम से अन्य महिलाओं को सशक्त बनाने के लिए करना चाहिए। ये शब्द थे डॉ. नीता तपन, आईक्यूएसी कोऑर्डिनेटर और कार्यक्रम की मुख्य वक्ता के। वरिष्ठ

प्रोफेसर और राजनीति विज्ञान विभागाध्यक्ष के डॉ. निर्मला साह ने कहा कि रिक्त डिजिटल पहुंच युवा मतदाताओं को राजनीतिक क्षेत्र में सशक्त बनाएगी क्योंकि वर्तमान परिदृश्य में सोशल मीडिया प्रचार और राय बनाने का मुख्य स्रोत है। छात्र संघ की संयोजक डॉ. रुश्मि भागवत ने अपने अध्यक्षीय भाषण में कहा कि प्राचीन काल से ही महिलाएं असाधारण रही हैं और आज भी एक सामान्य महिला की सहनशक्ति बेजोड़ है। ऐसे दिनों का उत्सव बालिकाओं को शक्ति वाद दिलाने का प्रतीक है। गणतंत्र दिवस को परेड में भुग लेने वाली सशस्त्र बलों की छात्राएं राष्ट्र में समानता और अधिकारिता की प्रतीक हैं। एनसीसी कैडेट सपना राठी ने बालिका दिवस पर नारे लगाए और कार्यक्रम का समन्वय किया। प्रिन्सिपल डॉ. सरोज रत्नाकर ने धन्यवाद ज्ञापन किया। जानकारी प्रचार संयोजक डॉ. विनोद कुमार गुप्ता ने दी।

### NCC cadets celebrate National Girl Child Day

**PP NEWS SERVICE**  
Ujjain

NCC unit of Government Girls Post-Graduate College (GGPGC) celebrated the National Girl Child Day by organising a symposium on 'Digital Generation Our Generation'.

IQAC coordinator and the chief speaker Dr. Neeta Tapan said, girls should respect their gender and strive for gender equality at home, in society and in workplace.

Saving a girl and investing in her health and education is investing in a generation. Today digitization has empowered girls to have an increased outreach to information and communication technology, she added.

They should use this medium to disseminate gender equality issues and empower other females around through spreading digital literacy, she added.

Dr. Nirmala Shah, senior professor and head of political science department, said that educated digital access will empower young voters in political sphere as the social media is the main source of mass opinion formation in the current scenario.

In her presidential address Dr. Rashmi Bhargava, convener of students union, said that there have been extraordinary women since ancient times and even today the resilience of an ordinary woman is unmatched. Such celebrations reiterate the power of girls. The girls in armed forces participating in the parade of Republic Day are the symbols of equality and empowerment in the nation.

NCC cadet Sapna Rathore recited slogans on Girl Child Day and coordinated the programme. ANO Dr. Saroj Ratnakar extended vote of thanks.

#### WORKSHOP ON SOUP MAKING

A workshop on soup making was organised by the home science department and IQAC of the GGPGC on Tuesday. Presiding over the programme, principal in-charge Dr. Anita Manchandia said that there are ready-to-serve and preserved food items in the market these days. They are full of artificial flavours and chemicals therefore they are very harmful for health. Freshly prepared food items are significant for a healthy family.

Dr. Shashigrabha Jain, head of department, said we have to be very careful about our food habits. Dietician Nanda Khare taught participants preparation of soups using vegetables and fruits. IQAC in-charge Dr. Neeta Tapan, Dr. Samina Qureshi, Dr. Chhaya Hardia, Dr. Rekha Suryavanshi, Dr. Rekha Sharma, Dr. Ranjana Sharma, Dr. Neeta Tiwari, teachers and students of home science were present.

## Ignorance and delay in reporting abuse dilutes legal proceedings

Special caution is needed while raising a girl child till the age of ten years. Cases of sexual abuse and violence with children are rampant nowadays. There are multiple laws

for punishment in these cases but as most such incidences occur due to lack of supervision so delay in reporting the same leads to diluting of legal proceedings. These were the words of advocate Uma Soni

in an invited e-talk organised by IQAC and Women Empowerment Cell of Government Girls PG College on the occasion of International Women's Day Dr Anita Manchandia delivered the presidential address. IQAC coordinator Dr Neeta Tapan in a thematic introduction said that the process of women empowerment through education, health and employment begins with women's security and legal awareness is important. The programme was conducted by Dr Ranjana Sharma while the vote of thanks was extended by Dr Samina Qureshi.
