National Webinar

on

National Education Policy 2020

and

the Changing Higher Education Scenario

22nd – 23rd August 2023

Sponsored By

Higher Education Department,

Govt. of MP, Bhopal

About the Webinar

New Education Policy 2020 which has been adopted by the Central and State governments covers many important aspects. It is learning outcome based, and includes vocational courses, foundation course, multiple entry and exit options, project work, CBCS system, open elective courses, Indian knowledge system, ICT based education, blended learning, four years graduation with honours degree etc. In Madhya Pradesh it is the third year of implementation of NEP. Hence, it is right time to discuss the difficulties and future prospects of the policy. Teachers are the main stakeholders of the policy as they are in live contact with the students and form an integral part of the implementing agency. A National Webinar on the topic "New Education Policy and the Changing Higher Education Scenario", is being organized to discuss the various aspects of NEP on 24 & 25th Aug 2023

Sub-themes of the Webinar

- (1) Relevance of NEP 2020

Dr. Naina Kanswa
Dr. Pratibha Akhand

About the College

Education is empowerment and to educate a woman is to educate a generation. With this inherent futuristic vision Govt. Girls' PG College came into existence in the year 1958 in Ujjain. It carved for itself a niche as a provider of quality and value based education in UG and PG multi-faculty Programmes. It was accorded the status of a Centre for Excellence by the Govt. of Madhya Pradesh in 2007. Adhering to a culture of quality and excellence, the institution is striving relentlessly to develop young women as leaders with competence, compassion and conscience with its Vision Statement *VAYAM RASHTRE JAGRYAM PUROHITAAM*. Further the college was accredited with "A" Grade by NAAC continuously in two successive cycles and with "A+" Grade in the Third Cycle. The college has organized a number of National seminars, webinars and workshops in the recent past in which eminent professors and educationists, doctors, psychologists, innovative experimentalists, motivational speakers and others have delivered pragmatic discourses. The institution has organized a series of seminars on NEP 2020 as orientation initiative for developing an understanding about the policy implications. Since we have embarked upon the third year of the implementation of the policy it becomes imperative to discuss the journey in the light of the problems and prospects confronted by all the stakeholders. Therefore, as per the intent of the Department of Higher Education, the college proposes to organize this seminar on NEP in order to discuss prominent parameters of the policy.

About Ujjain

Ujjain is a city of Western Madhya Pradesh located on the banks of holy river Shipra and has been lying on the first meridian of the ancient Hindu geographers. It is a prominent pilgrimage with Mahakaleshwar Jyotirlinga temple and Kumbh Fair held once in every 12 years. Besides its religious importance, Ujjain city has been a Centre for creation and transfer of knowledge since known history. Lord Krishna was educated here at Maharishi Sandipani Ashram. The legendary King Vikramaditya ruled here with his Scholars "Navratnas". With the establishment of its affiliating Vikram University, Ujjain in 1957, Govt. Girls' PG College, Ujjain came up a year later and enlightened with the glorious past of Ujjain created a proud legacy of more than sixty five years.
